GANNON & SCOTT NAMES GENERAL MANAGER

CRANSTON, RI – February, 2016 – Andrew C. McManus recently joined Gannon & Scott as General Manager. He will be responsible for the plant operations in both Phoenix, AZ and Cranston, RI, as well as the Analytical Laboratory in Cranston, RI. McManus holds a Bachelor of Science in Chemical Engineering from the University of Rhode Island and an M.B.A from Bryant University. An Environmental, Health & Safety expert, he has spent the majority of his career in the precious metals field, most recently with Metech Recycling in Raleigh, North Carolina. Over a 30 year time span, McManus has also served in the Active Duty U.S. Army, the U.S. Army Reserve and the Rhode Island National Guard, retiring at a rank of Lieutenant Colonel. McManus brings a diverse group of experiences and leadership skills to the Gannon & Scott team.

About Gannon & Scott

Headquartered in Cranston, Rhode Island, Gannon & Scott is a leading refiner and assayer of precious metals. The company provides precious metal recycling, reclamation, refining and assaying services, with the most sophisticated technologies, to leading companies across North America. With two facilities located in Cranston, RI and one in Phoenix, AZ, Gannon & Scott is capable of processing and sampling precious metal bearing material on a large and small scale basis, while maintaining the highest standards of customer satisfaction. For more information on Gannon & Scott, please visit the company's web site at www.gannon-scott.com.
